STION NO.42 By Mr.Bongale Subbanna (Harihar-Urban)

ll the Government be pleased to state - Replies

a) the reason for the delay in taking up the water supply scheme for Harihar Town, though an estimate for Rs.20,000 has been sanctioned xxxx and the amount is already in deposit with the Sanitary Engineering Department.

The delay mainly due to (1) the observance of the procedure prescribed for the receipt and disposal of the tenders for the different items of work relating to th scheme, (2) the revision of the original estimate necessitated by war conditions.

(b) the period in which this work will be completed?

It is expected to be completed within a period of one year.

Engineer on 19-7-1943 that the rates in the sanctioned estimate for overhauling the distribution system were low and a final revised estimate for all the items, for Rs 21,800 was therefore got up providing current market rates. This was forwarded to Government by the Deputy Commissioner, Nilgiris with his letter No A6 2872/42 dated 19-8-43 for sanction. His revised estimate has now been returned to this office with letter No L 2751/1 72-43-25 dated 30th August 1943 of the Secretary to Government, Law Department, calling for certain further information

(a) the period in which this work will be completed.

The work may be expected to be completed in one year more
